

CROMWELL Atlas Workholders. Castor, Light Duty, Braked, Swivel, 200mm, 75kg Load Capacity

Cod comanda: **ATL9457712K**

Descriere produs:

This range of pressed steel castors is designed to protect both floor surfaces and loads, featuring 200mm ribbed tread or 260mm patterned tread for enhanced grip. The popular pneumatic rubber tyres, combined with durable steel centres, provide excellent shock absorption and smooth movement. Features and Benefits

- o Pneumatic rubber tyres ensure smooth movement and excellent shock absorption, protecting floors and loads
- o Pressed steel centres offer robust support for heavy-duty applications
- o Ribbed tread and patterned tread enhance grip and manoeuvrability across various surfaces
- o Roller bearings provide smooth and reliable operation for easy movement across uneven surfaces
