

CROMWELL Atlas Workholders. Castor, Light Duty, Unbraked, Fixed, 200mm, 75kg Load Capacity

Cod comanda: **ATL9457722K**

Descriere produs:

This range of pressed steel castors is designed to provide protection to both floor surfaces and the load being transported. The 200mm castors feature a ribbed tread, while the 260mm castors come with a patterned tread. These castors are equipped with popular pneumatic rubber tyres and plastic centres, making them suitable for a variety of industrial and institutional applications. Features and Benefits o Pneumatic rubber tyres ensure smooth movement and floor protection o Ribbed tread on 200mm diameter wheels enhances traction o Patterned tread on 260mm diameter wheels provides superior stability o Polypropylene centres are both durable and lightweight o Roller bearing provides easy manoeuvrability and smooth operation o Ideal for applications requiring floor and load protection
