

CROMWELL Cobra. 0.6m x 0.9m Safety Anti-Fatigue Ribbed Mat

Cod comanda: CBA9460610F

Descriere produs:

The Orthomat(R) Ribbed Anti-Fatigue Mats provide enhanced comfort and safety for workers in dry, light- to medium-use environments. Made from virgin closed-cell PVC foam, these mats insulate against cold concrete floors, reducing fatigue for standing workers. The ribbed surface offers reliable slip resistance and a safety version with 100mm bright yellow borders increases visibility in busy areas. Fire-tested, these mats offer both durability and peace of mind in the workplace. Features and Benefits o Single-layer PVC foam construction for worker comfort and support o Ribbed surface for reliable grip and slip resistance o Effective insulation from cold concrete surfaces o Bright yellow safety borders for improved visibility in busy areas o Suitable for dry, light- to medium-duty environments Standards o Meets Slip Resistance Test DIN 51130 o Fire Tested to DIN 54332 (B2) part of DIN 4102
