

CROMWELL Kennedy. 250/300/600/1000mm, I-Beam Level Set, 3 Vials, Horizontal/Vertical, Non- Magnetic, 4-Pack

Cod comanda: **KEN5951430K**

Descriere produs:

This Kennedy spirit level set is perfect for professionals and DIY enthusiasts demanding precision and durability. Constructed from lightweight aluminium with a powder-coated finish, these levels offer high accuracy (0.5mm/m to 1.0mm/m). They feature high-visibility vials (horizontal and plumb), shock-absorbing end caps, and milled measuring faces for precise measurements. The KEN5100160K level is tailored for scaffolding and includes a leather belt pouch for easy storage. This set is ideal for construction and industrial settings where reliable performance is crucial. Features and Benefits o Durable construction: made from lightweight aluminium with a powder-coated finish o High accuracy: precision ranging from 0.5mm/m to 1.0mm/m o High visibility vials includes both horizontal and plumb vials for versatile use o Shock-absorbing end caps protects levels from impacts
