

CROMWELL Kennedy. Professional, 300/600/1200/1800mm, Box-Beam Level Set, 3 Vials, Horizontal/Vertical, Non-Magnetic, 4-Pack

Cod comanda: **KEN5951440K**

Descriere produs:

This set of Kennedy Levels is ideal for professionals needing precise accuracy and durability in construction and carpentry tasks. It includes four essential box spirit levels: KEN5951440K with an aluminium body and powder-coated finish, featuring three high visibility vials; whilst KEN5103300K, KEN5103360K, KEN5103420K, and KEN5103480K, are all similarly made from extruded aluminium with shock-absorbing end caps and milled working faces for precise measurement. Each level offers three high visibility vials (one horizontal, two vertical) with 0.5mm/m accuracy and an integrated rule scale for easy marking. Larger sizes include hand grips for transport, ideal for accurate alignment and levelling of large surfaces in varied sizes.

Features and Benefits o Durable construction: extruded aluminium with a powder-coated finish o High accuracy 0.5mm/m with three high visibility vials (one horizontal, two vertical) o Shock-absorbing end caps protects levels from impacts o Milled working faces ensures precise measurements Contents: o KEN5951440K o KEN5103300K o KEN5103360K o KEN5103420K o KEN5103480K Typical Applications o Construction o DIY o Plumbing o Electrical
